

TELECOM TRANSFORMERS

Engineered for Performance, Tested for Reliability

Shilchar manufactures telecom & data transformers with highest quality standard to meet your requirements. Our qualified engineering staff will guide you to design most efficient & cost-effective solutions.

With the innovation & good engineering knowledge, Shilchar will transform your approach to transformers.

SPECIAL FEATURES

Shilchar carries out quality assurance testing on each and every transformer, both during production, and before shipping. Incoming quality control tests are conducted on all raw materials.

Our quality control department is equipped with the most up-to-date computerized equipment available. Each shipment is provided with a full quality control report and Certificate of Compliance (COC).
